Discussion ensued:
- Affiliate members discussion
- DSS – The change of Administrator to Manager is incorrect – Moderator should be the correct term not Manager
- Changes to the by-laws should be distributed to membership prior to the meeting to review – it was recommended to put off vote until next annual meeting
  - Vast majority of changes are minor. Only significant changes include:
    - Addition of affiliate members to committees
    - 2nd Senior status
  - Introduced into by-laws last year
- Members in arrears
  - Delinquent for 3 years – ask them to cover all three years? Certain period of time to repay? Not specified – nice to have direction here – look to Executive Council to determine
    - Payment of all arrears – dues will be requested twice and then 3rd with a 3 month extension – after 2 years membership suspended
    - Example: A member did not pay for 5 years, suspended and then reapply? Matter of procedure of Exec. Council
- Changes to the bylaws will be made available via email or on website. Voting on the changes will take place at Business Meeting II on Saturday, June 18, 2016.

I. Call to Order

II. Approval of 2015 Minutes

III. By-Law Revisions and Discussion

• Member #1 Discussion:
  o Felt that membership approval for new members was needed and appropriate
  o Correction to Moderator is correct in the DSS (not Manager)
  o Why are trainees separate from affiliates?
  o Reapply what happens to those members in arrears – ensure Executive Council sorts our procedure

• Member #2 Discussion:
  o With respect and thanks for the copies and emails with the proposed changes to the By-Laws – I respectfully do not think it is adequate time for membership to go through extensive changes – allow the membership to look over and vote on this next year

• Member #3 Discussion:
  o Changes and amendments are procedural – 3-6 months of input and changes have been put into these updates to the By-Laws. To delay by a year would constrain the Association in terms of cleaning up membership and finances
    ▪ Dovetails with website redesign
    ▪ Consider voting on this today and passing these amendments
